

DIAMOND BLADE 1A1R 4 1/2" PERFECT

Brand: Distar

Product Code: PRF115AG0016

Availability: In Stock

Dimensions: 0.00in x 0.00in x 0.00in

Price: CA\$66.00

Short Description

The **DIAMOND BLADE 1A1R 4 1/2" PERFECT** offers superior precision, durability, and performance for cutting ceramics, porcelain stoneware, and mosaics. Achieve clean, chip-free cuts with enhanced reliability for complex projects.

Description

The **DIAMOND BLADE 1A1R 4 1/2" PERFECT** is a top-tier cutting tool designed to meet the demands of professionals and enthusiasts who prioritize precision and reliability. Engineered with advanced diamond technology and a robust structure, this blade is your ultimate solution for handling even the most intricate cutting tasks.

Key Features:

- **Enhanced Thickness:** With a 1.5 mm diamond layer, the blade offers superior durability and resistance to wear, even when cutting hard materials like porcelain stoneware and ceramics.
- **Clean and Precise Cuts:** The sandwich-layer construction ensures smooth, chip-free cuts, making it ideal for delicate materials and detailed work.

- **Flange Casing Protection:** Added protection increases the blade's lifespan and enhances stability during operation.
- **Versatile Application:** Perfect for a wide range of cutting tasks, including natural stone, ceramics, and mosaic projects.

Advantages:

- **Exceptional Durability:** Designed to withstand heavy-duty use, providing consistent performance over time.
- **Efficient Cutting:** Reduced chipping and faster cutting speeds ensure high-quality results with minimal effort.
- **Adaptability:** Suitable for both professional-grade and intricate decorative work, offering reliability across a variety of projects.

Applications:

- **Professional Tile Setters:** Ideal for precise cutting in commercial and residential projects.
- **DIY Home Renovations:** Achieve professional results in your home improvement tasks.
- **Artisans and Designers:** Perfect for creating intricate patterns and mosaics on delicate materials.

Technical Specifications:

- **Blade Diameter:** 4 1/2 inches (115 mm)
- **Layer Thickness:** 1.5 mm
- **Material Compatibility:** Ceramics, porcelain stoneware, natural stone, and mosaics
- **Cutting Type:** Dry and wet

Unmatched Precision and Quality

With the **DIAMOND BLADE 1A1R 4 1/2" PERFECT**, you can execute your most complex cutting projects effortlessly. Its enhanced durability and cutting-edge technology ensure clean, precise results every time. Elevate your craftsmanship with this essential tool.
