Dimensions: 0.00in x 0.00in x 0.00in

Price: CA\$30.00

Short Description

High-speed diamond blade for cutting porcelain tiles, ceramics, and outdoor porcelain pavers. Provides smooth, chip-free edges and long-lasting durability.

Description

The **DIAMOND BLADE 1A1R 4 1/2" GRES MASTER** is a **premium continuous rim diamond blade** designed for **cutting dense porcelain, ceramic, gres tiles, and outdoor porcelain pavers**. Its fine diamond matrix and reinforced steel core guarantee **precise, chip-free cuts** even on thick, high-density materials.

Perfect for professionals, this blade performs with **stability and accuracy**, delivering clean cuts on both indoor and outdoor projects. The **GRES MASTER** is optimized for **angle grinders (115 mm / 4 1/2")** and supports both **dry and wet cutting**, making it ideal for any job site.

Key Features:

- **Diameter:** 4 1/2" (115 mm)
- **Type:** 1A1R Continuous rim – smooth cutting edge
- **Applications:** Porcelain tiles, ceramics, gres, and outdoor porcelain pavers
- **Performance:** Clean, chip-free, and precise cutting
- **Compatible Tools:** Fits standard 22.23 mm bore angle grinders

- **Cutting Style:** Wet and dry
- **Use Case:** Indoor wall & floor tiles, outdoor patio pavers, thick porcelain slabs

Built for **heavy-duty outdoor porcelain cutting**, this blade ensures perfect results even on the hardest, frost-resistant materials used in patios, balconies, and exterior installations.
