

# WATER SUPPLY SAW SYSTEM SCORPION

**Brand:** TM Mechanic

**Product Code:** WSS0021

**Availability:** In Stock

**Dimensions:** 0.00in x 0.00in x 0.00in

**Price:** CA\$28.00

## Short Description

The **Scorpion Water Supply Adapter** revolutionizes tile cutting by providing dual-sided water cooling for optimal diamond blade performance, precision, and durability.

## Description

### **WATER SUPPLY SAW SYSTEM SCORPION – Enhance Precision with Double Cooling**

The **Scorpion Water Supply System** is a game-changer for professional tile cutters. Designed to address the common issue of uneven water distribution in most tile-cutting equipment, this innovative adapter ensures consistent cooling for both sides of the cutting blade, unlocking the full potential of your tools.

## Why Choose the Scorpion Water Supply Adapter?

- **Eliminate Overheating:** Uneven cooling often leads to blade overheating, deformation, and reduced performance. The Scorpion's dual-sided water supply system prevents these issues entirely.

- **Enhanced Precision:** By cooling the blade evenly, the cutting area remains stable, ensuring straight, clean cuts every time.
- **Universal Compatibility:** The adapter's universal metal bracket fits seamlessly with most tile cutters, making it a versatile addition to your toolkit.
- **Adjustable Flow Control:** The built-in adjustable water supply tap allows you to tailor the flow to suit specific cutting needs, giving you full control.

## Key Features

### 1. Double-Sided Water Supply

- Flexible pipes ensure precise water delivery to both sides of the blade, dramatically improving cooling and cutting quality.

### 2. Universal Metal Bracket

- Sturdy and adaptable, the bracket secures the adapter to virtually any tile cutter model.

### 3. Adjustable Tap with 12mm Fitting

- The adapter includes an adjustable water tap and a 12mm fitting for easy integration into your existing setup.

### 4. Durable Build

- Crafted for longevity, the Scorpion Water Supply Adapter withstands the rigors of professional use.

---

## Benefits for Professionals

- **Maximize Blade Lifespan:** Prevents overheating, reducing wear and extending the life of your diamond blades.
- **Improve Workflow Efficiency:** Keeps cuts clean and precise, minimizing rework and saving time.
- **Unlock Tool Potential:** Fully optimize the performance of your tile cutter and

blades with this simple yet effective upgrade.
