GRINDING CUP DGS-W 7" ROTEX

Brand: Distar
Product Code: ROT180GC001
Availability: In Stock
Dimensions: 0.00in x 0.00in x 0.00in

Price: CA$110.00

Short Description
The GRINDING CUP DGS-W 7" ROTEX is a professional-grade tool designed for precise and efficient dry and wet grinding of concrete surfaces. Its advanced design ensures balanced performance, superior sludge removal, and remarkable durability.

Description
The **GRINDING CUP DGS-W 7" ROTEX** by DISTAR is the ultimate tool for professionals tackling challenging concrete grinding tasks. Engineered for precision and efficiency, this versatile grinding cup handles both dry and wet applications with ease.

Key Features:

- **Dual Grinding Capability**: Perfect for dry and wet grinding, providing flexibility for various tasks and conditions.
- **Balanced Performance**: Meticulously tested for balance to ensure smooth operation and superior control during extended use.
- **Innovative Sludge Removal**: Diamond segments shaped like the letter L efficiently clear sludge, optimizing grinding performance and keeping the work area clean.
- **Lightweight Construction**: Weighing just 0.75 pounds (340 grams), the ROTEX cup minimizes fatigue for prolonged use.

Advantages:

- **Exceptional Durability**: Built to last, even under demanding conditions.
- **Enhanced Precision**: Balanced design and lightweight construction enable steady control for a flawless finish.
- **Versatility**: Ideal for grinding concrete floors, walls, and other hard surfaces in both residential and commercial projects.

Applications:

- **Surface Preparation**: Smooth uneven surfaces, level floors, and prepare walls for coating or renovation.
- **Concrete Restoration**: Achieve professional results in construction and renovation projects.
- **DIY and Professional Use**: Suitable for all levels, from home improvement to high-end contracting.

Specifications:

- **Cup Diameter**: 7 inches (180 mm)
- **Weight**: 0.75 pounds (340 grams)
- **Material Compatibility**: Concrete, stone, and similar surfaces
- **Usage**: Dry and wet grinding

Experience Professional Precision

The **GRINDING CUP DGS-W 7" ROTEX** is the ideal solution for achieving flawless grinding results. Its innovative design and high-quality construction ensure that even the toughest tasks are manageable, efficient, and precise.
