**Brand:** Distar

**Product Code:** 87015424055

**Availability:** In Stock

**Dimensions:** 0.00cm x 0.00cm x 0.00cm

**Price: CA\$19.70**

## Short Description

**DRY CUT. MASTER QUALITY.**

Ultra-thin 45 mm diamond blade **for precise dry or wet cutting** of porcelain stoneware and ceramic tiles. Designed for rotary tools and long neck angle grinders, delivering clean edges and high control in detailed work.

## Description

### **Diamond Blade 1 3/4" MasterCUT – Dry & Wet Precision Cutting**

The **Diamond Blade 1 3/4" MasterCUT (45 mm)** by Distar is a professional-grade cutting disc designed for engravers, tile installers, and finish specialists who require maximum precision in tight and hard-to-reach areas.

With its ultra-thin **0.8 mm cutting thickness** and compact diameter, MasterCUT delivers clean, controlled cuts on porcelain stoneware and ceramic tiles, both **dry and with water cooling**.

## Key Advantages

- **45 mm diameter** – ideal for detailed work and confined spaces
- **Ultra-thin 0.8 mm body** – clean cuts with minimal material loss
- **Side diamond layer (~10 mm)** – allows joint cleaning and edge finishing
- **Dry & wet cutting** – stable performance in both modes
- **High precision** – excellent control for decorative and technical cuts

## Applications

- Porcelain stoneware and ceramic tiles
- Decorative elements, buttons, hatches, furniture details
- Joint cleaning before grouting
- Fine cuts in hard-to-reach areas

## Technical Specifications

- **Diameter:** 45 mm (1 3/4")
- **Thickness:** 0.8 mm
- **Mounting hole:** 5.8 mm
- **Cooling:** Dry / Wet
- **Compatible tools:** Rotary tools, long neck angle grinders

**MasterCUT** is the ideal solution for professionals who value precision, versatility, and clean finishing at an affordable price.
