

Diamond Blade Distar 1 3/4" Butterfly 0,45mm

Brand: Distar

Product Code: 11143158073

Availability: In Stock

Dimensions: 0.00cm x 0.00cm x 0.00cm

Price: CA\$39.80

Short Description

Ultra-thin 45mm diamond blade Distar (0.45mm) for clean, chip-free cutting of porcelain and ceramic. Designed for engravers/rotary tools with water cooling for maximum control.

Description

RAZOR PRECISION

Distar Butterfly 45mm (0.45mm) is an ultra-thin diamond blade designed for **chip-free cutting of porcelain and ceramic** in detailed work. With water cooling, it delivers maximum control, clean edges, and smooth cuts even on polished porcelain.

Key Benefits

- **0.45mm ultra-thin thickness** – fast cutting with minimal material loss
- **Clean edge quality** – helps achieve near “zero-chipping” on porcelain
- **High control for detail work** – perfect for small cuts and hard-to-reach areas
- **Water-cooled use** – keeps the blade stable and extends service life

Applications

- Porcelain (gres) and ceramic tile
- Small precision cuts for outlets, trims, hatches, and decorative details
- Ideal for engravers / rotary tools with water cooling

Specifications

- **Diameter:** 45 mm
- **Thickness:** 0.45 mm
- **Cooling:** With water
- **Brand:** Distar

Tip: Use steady feed pressure and constant water supply for the cleanest edge and longest blade life.
